

Arbor Day/Earth Day Seedling Program

What is the seedling program?

The seedlings are a popular Arbor Day/Earth Day promotion tool for municipalities, garden clubs, businesses, arborists and other interested individuals and organizations.

Net proceeds from the seedling program support the MTWFA Scholarship Fund. Scholarships are awarded annually in March to students enrolled in arboriculture and urban forestry programs statewide. For more information about our scholarships, please visit www.masstreewardens.org.

How do seedlings arrive?

The package includes seedling trees and printed plastic bags with planting instructions. Bags are shipped separately in early April for orders scheduled for delivery during Arbor Day/Earth Day week.

Upon delivery, the seedlings can be placed in the plastic bags along with potting soil or peat moss, for distribution to school children and other Arbor Day/Earth Day participants.*

Seedlings are shipped via UPS. Please note that UPS does NOT deliver to P.O. boxes. Someone should be present when the seedlings arrive, especially during warm weather. **Seedlings must be delivered by May 6th.**

How can seedlings be distributed?

Check with your local school department or municipality to obtain approval and an estimate of the quantities you will require. Distribution of the seedlings may be accompanied by a ceremony or presentation promoting Arbor Day/Earth Day, trees, and their value to people and the environment.

* Does not apply to pre-bagged seedlings.

How do I place an order?

- Fill out the order form on the reverse side.
- Only orders on the form will be accepted.
- Full payment is required with each order
- Checks: Payable to MTWFA
- Purchase orders: We will invoice you

We require at least 14 days between the time we receive your order and when the seedlings are delivered to you. Please plan accordingly.

Early orders will increase your chance of getting the seedling species you request.

All orders must be received by April 14, 2023

MASSACHUSETTS TREE WARDENS' & FORESTERS' ASSOCIATION ARBOR DAY/ EARTH DAY SEEDLING PROGRAM 2023

Arbor Day/Earth Day is a day to celebrate the importance of trees and to promote the benefits that trees provide for people and the environment.

The Massachusetts Tree Wardens' and Foresters' Association (MTWFA) Seedling Program celebrates Arbor Day/Earth Day by supplying bulk seedlings to promote the planting and caring for trees in Massachusetts.

Consider the gift of seedlings for children and adults. Encourage them to plant and care for trees.

In this brochure you will find detailed information about the MTWFA Seedling Program and an order form.

***Help your community.
Encourage everyone to get growing!***
